The Envirothon is a dynamic hands-on environmental education competition for all high school students in grades 9 through 12. A new environmental issue is featured each year and, together, students expand their knowledge, gain outdoor field experience and find solutions to natural resource conservation issues.

<p>Competition Structure:</p> <ul style="list-style-type: none"> • Teams of 5 students, under the supervision of their advisor(s), prepare throughout the school year. • Teams compete during a one-day event in May. • Test structure includes both written & interactive problem-solving sections plus a Team Presentation. • The first place team will represent New Jersey at the NCF-Envirothon Competition. 	<p>Six Testing Stations Include:</p> <ul style="list-style-type: none"> Aquatics Forestry Soils Wildlife Current Issue Team Presentation
--	---

The Envirothon provides a unique educational format for students to learn about natural resource management and the resulting environmental benefits.
